A good friend referred Diana to me as she had assisted him in selling his home. When I called, I was planning to leave a message and to my surprise she answered the call. We spoke for about 30 minutes and made an appointment. Diana gave us some low budget ideas to get our home ready. With her laptop she showed us what the market was paying for homes in our neighborhood and we priced it right at market value. We got several showings and got an offer in 2 weeks. I will definitely send business her way.

I received a postcard that Diana had mailed to my home. As most people, I would often get real estate postcards from different real estate companies, investors and “I buy” companies. I decided to give her a call and we must have been on the phone for over 45 minutes. She answered all my questions. I felt comfortable with her knowledge of the market. Diana assisted me in selling 3 properties. I consider her my Realtor and I always reach out for any real estate questions. I refer her to friends and family at every opportunity.

My name is Manuel and I met Diana in 2002 when she was helping a lady purchase a piece of land I had “for sale by owner” in San Antonio. Diana helped us put all the paperwork together. I am glad that she did because I really did not know what I was doing in regards to paperwork. Long story short, we became great working associates. She helped me sell 3 other properties and assisted me in purchasing 2 others.

I have known Diana for over 20 years. I met her at one of her listings. Even though I did not purchase that one she suggested we view 4 others homes that were nearby. I am an investor and I have purchased 10 homes with Diana as my Buyer Agent. Most of the deals have been easy and smooth. I do own several properties and when I am ready to sell them, I will let her handle the sales. Throughout the years Diana has helped me to get “comps” for my yearly protest with BCAD. I refer Diana to everyone I know.

My name is Janie and a dear friend gave me Diana's phone number. I found myself needing to sell my home, as my husband had passed away 3 months back. I was so lost since my husband was usually in charge of all our finances. I called Diana and she was able to meet me the next day. She explained the process and she also helped me in getting the place ready for showing. She hired some people to clean up and organize my belongings. Diana mentioned my home was in a desirable area and to be prepared to sell it fast. It was under contract in less than a week. Diana also helped me get into a new smaller apartment. She helped me in getting a moving company set up and more. She was truly God sent. I am very grateful for all that she did for me.
